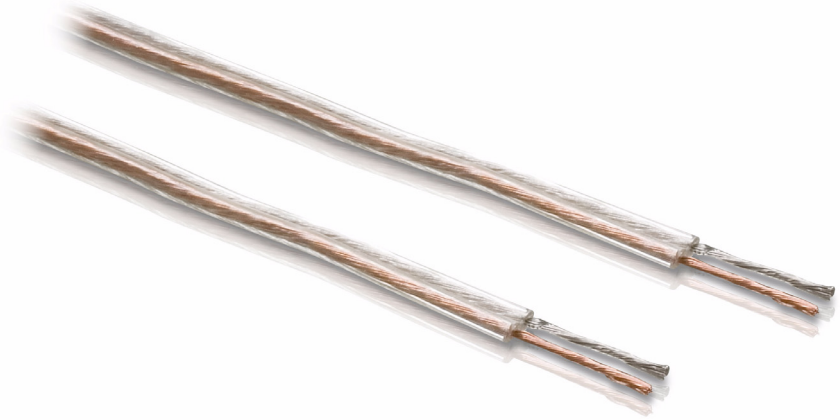
Speaker wire

10 m

16 gauge

SWA3538



Turn up your listening experience

with this speaker wire

Experience a new level of listening while transferring audio signals between your components. Superior construction delivers improved sound performance.

Enjoy better audio quality

- High-purity copper conductor for reliable signal transfer
- Dense conductor for better signal transfer

Easy installation

- Colour-coded cable for easy polarity identification
- Plug & Play for easier installation

Enjoy extended durability

- Flexible PVC jacket

Environmentally friendly

- Environmentally friendly lead-free construction

Highlights

High-purity copper
This copper conductor provides high accuracy in signal transfer with minimal resistance.

Dense conductor
A more dense construction of copper facilitates better signal transfer.

Colour-coded cables
Tinned copper and bare copper conductors provide easy polarity identification.

Plug & Play
Plug & Play gives you the ability to install or add a new component and have it work without having to perform any complex installation procedures or technical analyses.

Flexible PVC Jacket
Flexible PVC jacket provides protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Lead-free construction
Lead-free construction of environmentally friendly materials.
